

MERIMOTE™ WIRELESS REMOTE CONTROL FOR PROMERIX

Multifunctional, touch-screen remote control

Merimote™ is a multifunctional remote control for Promerix operating table. With its intuitive touch screen Merimote™ guides the user to get full advantage of the working environment.

Operating room staff can control operating table outside the sterile operating area without disturbing the operators.

Merimote benefits for the user

- Easy-to-use user interface
- Displays adjustment positioning info in real time for each movement (mm, angle).
- Wireless controls - no preinstallation required
- 200 patient positions can be memorised for future use
- Comfortable to use
